

# FL101

This inwall loudspeaker is flatter and even less visible than all its predecessors.

The frame was reduced to just one millimeter, yet continues to score high in terms of vibration absorption. The loudspeaker's grill has also been noticeably fine-tuned and almost feels like silk to the touch. The sound is accurate, warm and carries far. A no-bones-about-it speaker.

The FL101 is a real hit. It leaves no space untouched: the corridor, waiting room, kitchen...you can even paint it over in your favourite colour.
