

## RE2060

Intiimi is the Finnish word for purity. And purity is precisely the DNA that makes up this new high-end inwall speaker series. With a nearly frameless grill measuring a mere 1 millimetre, and a thickness of just under 5 millimetres, it breaks with all contemporary standards. The titanium driver with neodymium magnet and patented® suspension allows you to point it in any desired direction. The Intiimi series purifies the signal from the amplifier via an advanced separation filter and a correction filter. The RE2060 is an excellent partner, both for your classical music collection as well as your high-end surround set.

### DIMENSIONS

### TECHNICAL SPECIFICATIONS

range	<50m <sup>2</sup>
sound quality	warm and detailed
system	2-way
woofer	6" neodymium
tweeter	1" neodymium titanium dome
max power	120W
sensitivity	87dB
