End-result **excellent** **92%**

Verdict:

We would be extremely surprised if Pro-Ject's Stream Box S2 Ultra would not be a big seller. Indeed, it does offer something for everybody who's listening to digital music. It's astonishing how Pro-Ject can achieve such an attractive price, offering a high class dual mono architecture with actual ESS Sabre DACs as well as awesome build quality of this clever, small box. Moreover, the device is manufactured in Europe.
